

1/11/13

To Whom It May Concern,

It has been a great pleasure in working with Golden Era Production over the past 15 years. During this time Golden Era Productions has initiated changes to the feeding of its members from 100% conventional produce to the adaptation of a healthier concept and a conversion to its organic healthier eating. Renovations and the redesigning and rebuilding of the kitchen facility allow Golden Era Productions to become more efficient and offering healthier meals and better dining experience even though organic produce is more expensive than traditionally grown produce.

Working with Camille Johnson has been both informative and rewarding. It has always been a pleasure to communicate with all of their culinary staff and members. My personal experience has now and in the future will provide me with fond memories and feel that working together has broadened my knowledge and understanding on how healthy food sources can improve your well being physically and mentally...

I sincerely hope to continue being associated with this forward thinking organization.

Sincerely,

A handwritten signature in cursive script that reads "Dan Lee". The signature is written in dark ink and is positioned above a solid horizontal line.
