

FOUNDATION FOR A DRUG-FREE WORLD

RE: YOUR “TRUTH ABOUT DRUGS” LESSON PLAN

To all Boy Scouts of America Scouters:

Enclosed is our specially designed Truth About Drugs training pack to help Scouts fulfill their 9A Second Class rank requirements.

Let me ask you this important question: What could young men and women who have survived the nightmare of addiction tell your troop members about drugs and substance abuse?

You will quickly have your answer by watching the introduction to *The Truth About Drugs: Real People, Real Stories* documentary in the enclosed DVD. It is but one of several up-to-date drug prevention resources we have produced to capture the attention of youths and *hold their interest*.

Your orientation to our special lesson plan, then, is very simple:

- Review your complimentary *Truth About Drugs* and *Truth About Marijuana* booklets, enclosed.
- Watch “The Truth About Marijuana” documentary chapter, which you will show in your tailored one-hour lesson for Second Class rank.
- Read and follow the Boy Scouts of America Second Class 9a rank requirement training instructions available at:
<http://www.drugfreeworld.org/boyscouts/download.html>

This special Truth About Drugs lesson employs previously unavailable resources that speak to Scouts with genuineness and reality — all in an audio-visual medium that kids today *totally* think with. So, please by all means, use these teaching tools — and document for us your results and feedback in putting them to work. We look forward to hearing from you.

Sincerely,

Ambra Calzolari
Executive Director
